

SINCE 1994

Established in the year 1994, Jerai Fitness Ltd. Is proud to have become a market leader in the Indian fitness industry with three decades of experience. Our aim is to be able to provide quality and affordable fitness solutions to all sectors of society. Through the Fit India movement, we strive to foster health and wellness to everyone around the country to the best of our capacity.

Our vision is to deliver well - designed, biomechanically accurate fitness equipment of the highest standards, and we achieve this through a fully automated manufacturing process that assures safety and quality. With the help of Japanese production infrastructure and a great team of in-house engineers and experts we fulfill this vision. We take pride in the extensive range of equipment we have to offer and the service we deliver through our sales and after - sales teams.

The organization proudly adheres to the Make in India movement and thereby helps promote a better standard of living for all. We sponsor national and international bodybuilding championships and take an active part in exhibitions and other platforms. Jerai Fitness not only boasts showrooms and offices pan India but also extends itself globally by maintaining a presence in over 35 countries.

Jerai Fitness has set a benchmark for integrity and ethics, whilst setting the highest standards for design, quality, service and innovation.

# CARDIO

---

## SERIES

**The Jerai Cardio Series** is built for fitness spaces that demand high-intensity performance and an engaging user experience. Ideal for boutique studios, gyms, and wellness zones. Equipped with advanced drive systems and ergonomic interfaces, each machine offers smooth, low-impact motion for continuous use.
